

VERIFY™

Indicators for Washers and Sonics

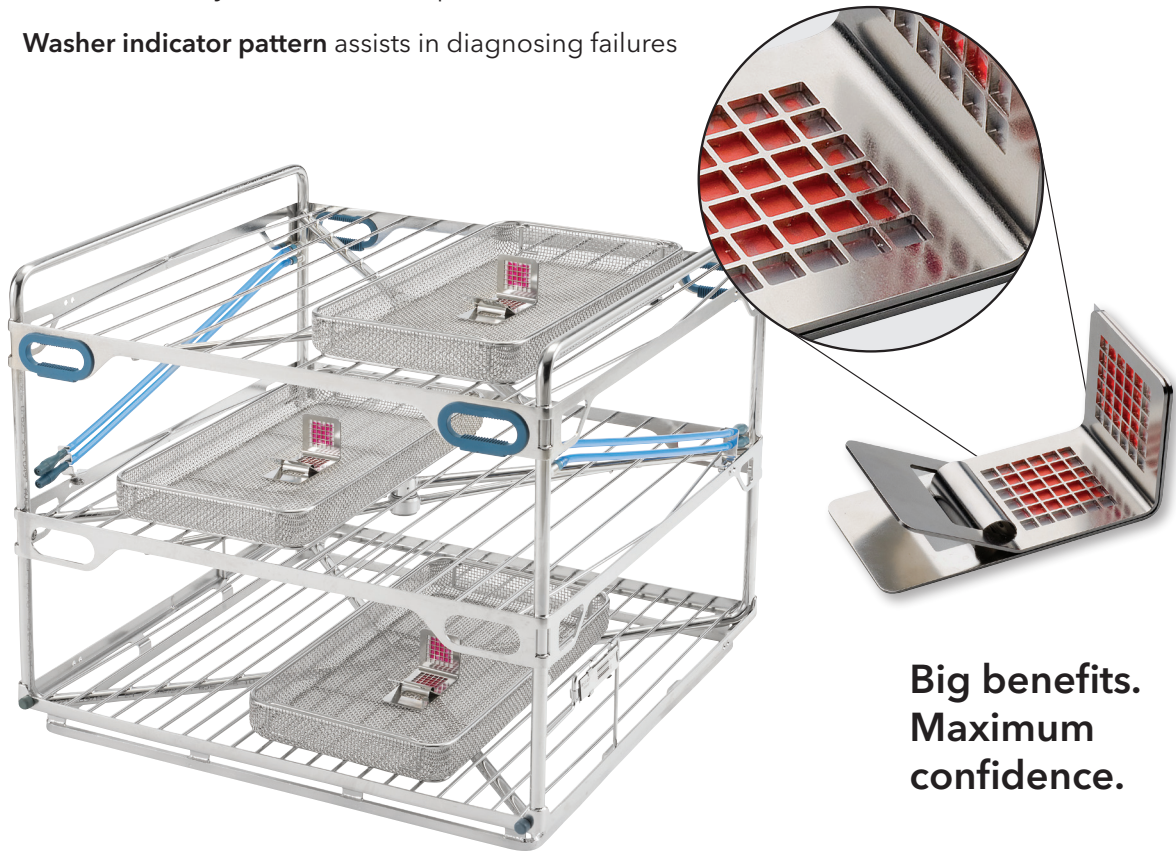

**CLEAN WITH
CONFIDENCE**

PERFORMANCE BY DESIGN

Advancements in surgical instruments have dramatically improved patient outcomes while increasing the demands of SPDs. Have confidence your washer/disinfectors and ultrasonic cleaners are providing optimal performance with the patented designs of the VERIFY indicators for washers and sonics.

VERIFY™ All Clean Test Washer Indicator and Holder

- **Feel confident** with the intricate design of the holder that mimics complex surgical instruments
- **Assurance** from indicators with synthetic test soils featuring dual proteins
- **Load traceability** via individual strip lot numbers
- **Washer indicator pattern** assists in diagnosing failures

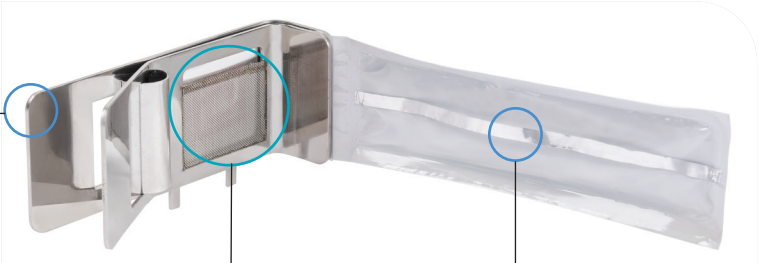

Big benefits.
Maximum confidence.

ONE INDICATOR – DUAL RESULTS

VERIFY™ DualAction Ultrasonic Indicator is a first of its kind indicator that streamlines ultrasonic monitoring in a single product, for all 4 parameters of ultrasonic performance – including time, temperature, chemistry and cavitation.

Two separate tests for soil removal and cavitation are included to help identify which area is the cause of failure.

Stainless steel process challenge device incorporates a mesh design that mimics difficult to reach areas on instruments and is designed to resist corrosion to withstand repeated tests.

Easy Pass/Fail Interpretation
The indicator will pass if both:

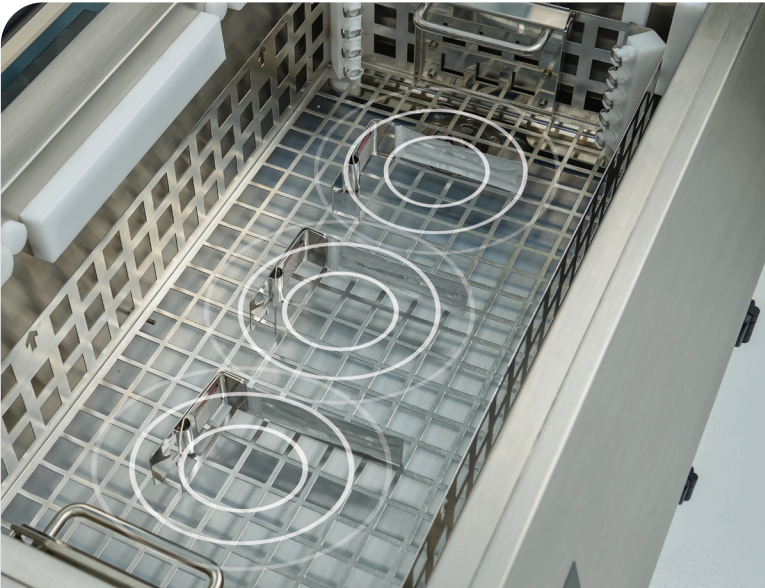

- All red synthetic soil is removed
- The foil strip is broken

Dedicated Cavitation Test
Foil strip replicates cavitation qualification testing for ultrasonic cleaners during installation.

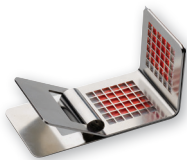

Total Tank Testing

Zone monitoring helps monitor various locations in the ultrasonic tank to ensure coverage throughout.

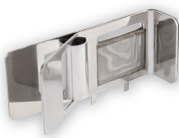

VERIFY All Clean Test Washer Indicator and Holder

	PART NUMBER	DESCRIPTION	QUANTITY
	LCC012	VERIFY All Clean Test Washer Indicator	100/box
	LCC010	VERIFY All Clean Test Washer Holder	1/box

VERIFY DualAction Ultrasonic Indicator and Holder

	PART NUMBER	DESCRIPTION	QUANTITY
	LCC027	VERIFY DualAction Indicator	100/box
	LCC028	VERIFY DualAction Indicator Holder	1/box

VERIFY Ultrasonic Indicator and Holder

	PART NUMBER	DESCRIPTION	QUANTITY
	U504	VERIFY Ultrasonic Indicator	200/box
	U505	VERIFY Ultrasonic Indicator Holder	5 pack
